## OBJECTIVE

I am a studious high school Junior working towards a career in Computer Science. I value discipline and precision, and make sure to apply my principles to everything I do in my life.

## SKILLS

Problem Solving  
Determination  
Focus  
Time Management

## EXPERIENCE

### I9 Sports, Soccer Referee

JUNE 2024 - PRESENT

- Managed timing and logistics for dozens of youth soccer games
- Used planning skills to consistently maintain adherence to a strict schedule
- Ensured satisfaction from all participants and resolved disputes between individuals

### FHS Robotics Team

SEPTEMBER 2023 - PRESENT

- Worked tirelessly to plan, design, and test the programming for our school's robotics program's award winning-robot
- Collaborated effectively with a group of talented programmers and designers to ensure the quality of our robot
- Spent over 300 hours over the course of 3 years working to improve my programming skills to the highest level to support my team
